Government Higher Secondary School,R.Vellodu. With Percentage:71%.

SKILLS:

- JAVA
- Oracle SQL
- HTML
- CSS

PROJECT

✓ Developed an interactive learning platform aimed at enhancing the educational experience for engineering students. The system provides engaging, simulation-based learning modules built using Unity and C#. It includes a responsive front-end interface designed with HTML and CSS for better user interaction and accessibility. The platform helps users visualize complex engineering concepts through interactive 3D environments, making learning more practical and effective.
